Dr Oz TV Show on PEMF
Dr Oz called PEMF for Pain Relief as “the biggest breakthrough in pain management he had ever seen”

How is PEMF Therapy Applied?

- PEMF Therapy gently pulses the natural magnetic fields through the body, which induces microcurrents with all cells to stimulate the body's own natural healing processes

- Magnetic waves penetrate every tissue in the body

The Sawtooth Wave provides the cells with a full spectrum of needed frequencies and optimal ion transport

The Square Wave was PROVEN by NASA to be the most effective for healing, regeneration and pain relief

Bone Loss

Various studies have clearly shown that bone density does increase when patients are exposed to Pulsed Electromagnetic Fields.

Healthy, strong bones

Osteoporosis, brittle bones

STOP OSTEOPOROSIS

One-third of women over 65 will have vertebral fractures and 90% of women over the age of 75 have an evidence of osteoporosis.

Bone loss in women is the highest in the years after the menopause.

Adult Stem Cells are able to turn into: eye, brain, pancreas, liver, bone, muscle, skin, heart, nerve, hair, kidney cells, any cell in body!

The **NASA** study proved the efficacy of PEMF therapy on human **stem cells** for healing, growth, and regeneration.

Good Blood Micro-Circulation Your Ticket To Longer Life

Micro-circulation is the blood flow through the smallest vessels in the circulatory system.

The iMRS PEMF Medical Device is Approved for Micro-Circulation

BEFORE iMRS

Blood Cells of a Sick Person
BEFORE the iMRS
Poor Circulation Due to Clumping
Joints and Muscles are Stiff and Painful

AFTER 8 Mins. on iMRS

AFTER 8 Minutes on the iMRS
Blood Cells Get Strong and Normalize
Circulation (Oxygen Delivery) Improves
Pain is Relieved and Flexibility Returns

Man Made Frequencies

Electromagnetic Radiation Pollution is everywhere with the increased use of electronic devices mobile phones, wearable tech-wellness devices, iPads, electronic watches, now comes 5G

5G towers are being placed on top & the side of millions of buildings throughout the world

5G = 24 to 86 Billion Hz

Wi Fi = 2,400,000,000 Hz

Bluetooth = 2,400,000,000 Hz

Smart Meters = 902,000,000 Hz

Mobile Phone = 8,600,000,000 Hz

Cordless Phone = 5,800,000,000 Hz

It only makes sense to use an iMRS PEMF system every day

Earth Based Frequencies

15 to 30 Hz morning setting (Beta)
great for an energetic start into the day

5.5 to 10 Hz afternoon setting (Alpha)
great for stress relief in the afternoon

3 to 7 Hz evening setting (Theta)
great for relaxation in the evening

0.5 Hz night setting (Delta) great for preparing the body and mind for deep, rejuvenating sleep

Our Body's Frequency

Collagen Production 10 Hz

Melatonin Secretion 1 Hz

Nerve Regeneration 1 Hz

Ligament Healing 10 Hz

DNA Synthesis 10 Hz

Cell Growth 10 Hz

Bone Growth 7 Hz

Depression and Anxiety

Globally, it's estimated that 45% of people will experience a mental health condition in their lifetime.

PEMF is FDA approved to treat Depression and Anxiety

Good Sleep With PEMF

Poor Sleep

30% of people have trouble falling asleep or staying asleep

Many research studies have shown PEMF helps with sleep

Double Benefits

iMRS Controller

Control centre: The heart and brain of the iMRS. Easy to use & navigate.

Exagon Full Body Mat

Hybrid - Includes Far Infrared

The iMRS whole body mat uses 3 pairs of coils to deliver the sawtooth electromagnetic waveform.

Exagon Pillow Pad

It is commonly used to release tension in the neck, shoulders, lower back, knees and feet.

Exagon Sensor – Heart Rate Variability (HRV) Biofeedback System

The Sensor measures HRV as a bio-feedback loop to automatically adjust the intensity of the system. It also measures blood oxygen saturation levels (SPO2).

Exagon Spot

The Spot is used in various areas; for example, the joints of fingers, hand, arm, elbow, knees, neck or ankles.

Exagon Brain - Integrated Sound-Light Relaxation System

The Exagon Brain is described as a “healing spa for your mind” and works seamlessly with the iMRS mat to give you relaxation frequencies via light and sound that will melt away stress.
